

Julian Weir **Senior Consultant**

Julian Weir is a Senior Consultant for Wilson Consulting Group (WCG), New Zealand and has over 25 years' experience in the workforce particularly in the areas of Safety Leadership and Cultural Change, Behaviour Based Safety, Risk Management and Project Management support.

An effectual leader with proven ability in business transformation and integration, safety leadership and works management he has led, managed and influenced a diverse range of both Safety and Environment professionals.

He leverages a strong technical background linked with post-graduate qualifications to develop and drive high performance and results focused cultures.

Julian's ability to build and maintain relationships with stakeholders across the delivery spectrum (Executive / Senior Managers / Supervisors / Contractors / site workers) makes him very valuable asset to your organisations journey.

He has proven capability to work as part of a multinational workforce in complex international environments. Julian operates under the philosophy of continuous improvement and achieving results through developing and bringing out the best in your team

Julian believes, Safety is - in its simplest form - just a question. Your behaviours are the answers to that question.... the key is to influence the "stop and think" moment between the two.....

Julian works with many Wilson Consulting Group clients to offer the following services:

- Safety Leadership and Cultural Change
- Behaviour Based Safety
- Risk Management
- Project Management support – Safety and Risk

Julian's qualifications include:

- Managing Strategy
- Advanced Diploma in Environmental Management
- Certificate IV in On Site Environmental Management
- Diploma in Project Management
- Risk Management
- Post Graduate Degree - Graduate Diploma in OHS
- Certificate IV in Assessment and Workplace Training,
- Workplace Health and Safety Auditor
- Certificate IV in Human Resources
- Certificate IV in Management – Team Leadership
